PETITION TO RESET DATE OF NON-FINAL REJECTION

COMMISSIONER FOR PATENTS  
ALEXANDRIA, VIRGINIA 22313

SIR:

Applicants, through counsel of record, respectfully request that the Non-Final Rejection dated October 19, 2007, be reissued with a reset date due to the fact that the “e-notification” containing the Non-Final Rejection was not sent. The facts concerning this matter are as follows:

During a review of the Image File Wrapper on December 21, 2007, Applicants’ representative discovered an Office Action dated October 19, 2007, with an “electronic” delivery mode indicator of October 20, 2007. After checking their own records, as well as the hard copies of the pertinent e-notifications and having previously spoken with members of the Electronic Business Center who confirmed that on October 20, 2007, the EBC had a server error which resulted in proper notification not being sent, Applicants concluded that this Office Action had never been sent in an e-notification, nor was a courtesy postcard sent out as a reminder to view the documents.

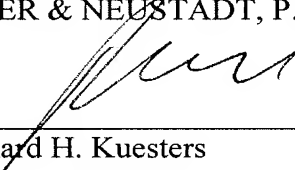

Application No. 10/810,648  
Petition to Reset Date of Non-Final Rejection

In light of the foregoing, it is requested that the Non-Final Rejection date be reset.

The undersigned petitioner declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing therefrom.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
